

## JOB OPPORTUNITY: SENIOR GEOTECHNICIAN

### Position

Cassiar Gold Corp. requires a hardworking, careful, motivated SENIOR GEOTECHNICIAN to join our team for the upcoming exploration program at Jade City, BC.

- Assist with supervision of geotechnical data collection/Geotechnicians
- Assist with training of new Geotechnicians
- Data management and monitoring of supply inventories
- Preparing samples and sample shipments
- Assist Geologists with all tasks in the core facility
- At times, assist with geotechnical data collection

Training and protective equipment will be provided (except boots).

The program is expected to run from late May through October, 2022.

Work will be on a rotation of 28 days on, 14 days off. Meals and accommodation included.

Pay will be commensurate with experience.

### Qualifications

- Good computer skills are important for this job.
- Ability to stay focused in a busy work environment.
- Must be at least 18 years old, reasonably fit, and able to lift 50 pounds.
- Previous experience as a geotechnician is ideal but not essential. We're looking for workers who are consistent, organized, and reliable.
- A valid First Aid certification is required.
- Your own steel-toed boots are required to work at site.
