Please use the next page to list your samples and place an 'X' in all boxes needed to describe the job. Include any comments you feel are pertinent to the individual thin section or the job as a whole. This will ensure your sections are returned in the timeliest manner.

Thanks for using the Acadia 'Rock Room'.

Disclaimer – We will do our utmost to make quality sections but occasionally due to circumstances unforeseen this may not be possible. You will be contacted immediately should any problems arise.
